PROJECTS

1) CryptoX | https://crypto-x-nine.vercel.app/

ReactJS, Chakra UI, Coingecko API

The project is about crypto currency, where we can get realtime data about crypto. Used chakra UI for building components and for styling. The data is fetched for CoinGecko API. Added features to view price in different currency and graph of different time. This project is Responsive with a feature of dark theme.

2) Pet Care | https://pet-care-umber.vercel.app/

ReactJS, Styled-components, Stripe

The project is online ecommerce website for buying pet related products of various categories. UI is designed with react styled-components. Added a functionality of payment integration with Stripe.

3) Course Bundler | https://react-course-bundler.vercel.app/

ReactJS, Chakra UI, ChartJs

The project is about providing online courses at affordable price by taking subscription. UI is styled with ChakraUI and has a feature of dark theme. Added a dashbord UI for creating and deleting courses with graphs from ChartJS
